

# STRONGER TOGETHER #StayWithUs

Greetings from your YMCA Staff and Board of Directors:

We hope that this newsletter finds you well and adjusting to the continued "Stay at Home" order. As you are well aware the landscape seems to shift on a daily basis. Having said that, we continue to plan for an opening later in May and look forward to welcoming you back to our Y this summer. Once we better understand the timing of our reopening we will send you the details of the phased order in which we will bring our facilities back online.

While we have been closed we have worked with the Door County Meals Cooperative and helped to serve over 600 dinners each weekday. We have hosted several blood drives, provided many opportunities for online fitness and family activities and have been reaching out to members and donors to stay connected during this time of closure. We have taken this time to clean and prepare our facilities for the new world we will host when we open our doors to our members.

We do want to thank our members who have stayed with us and donors who have continued to support us during this particularly challenging period. There will be a time, hopefully very soon, when we will once again serve as community centers for our residents and guests. We realize that there will be economic challenge ahead and we need to be ready, as we have always been, to welcome all without regard to financial ability. Your support will allow us to continue our good work as we have for thirty-two years.

I hope that you can enjoy our improving spring weather. Continue to stay healthy and safe and we will hopefully see you at the Y early this summer.

Tom Beerntsen, CEO

## DOOR COUNTY YMCA MEMBER SURVEY

Thank you for providing feedback to help us better prepare for your return.
