FEATURING CHEFS: SARA & COLLIN DOHERTY

Sara & Collin Dherty are the owner and masterminds behind Roots Inn & Kitchen. Roots Inn & Kitchen strives to produce thoughtful, locally sourced food for both our Inn guests, as well as our lunch patrons. We make a concerted effort in creating vegan 'comfort food' with tons of flavor while being conscious of our impact on the environment. Roots Inn & Kitchen works with local farmers & community entrepreneurs to produce delicious plant-based meals, and gluten-free food, along with locally and humanely raised meat options. We want our Inn guests and lunch patrons to enjoy our popular vegan dishes of Asian tacos, broccoli 'wings', and mac'n'cheese; and for our meat eaters, an organic pork bratwurst loaded with farm fixings that change weekly. We have something for everyone, and everything is best with a beer or glass of wine out on our beautiful back deck.
