

..... **DINING** by the **BAY**

FEATURING CHEFS:
KARL BRADLEY & TONDA GAGLIARDO

Tonda and I both grew up in the restaurant business. Both of us came through the ranks of various chain restaurants from dishwasher to server up through management roles. We came to Door County in 1995 for a summer stint and never left. We worked at the Mission Grille in Sister Bay as a cook and server for the first few summers then moved into a management team starting the year we were married in 1998. After running the Mission for nearly 20 years and building up a formidable off premise catering business, we moved our focus to just the catering and more specifically wedding catering. Three years later of just catering, an opportunity opened in Baileys Harbor. We needed a bigger space for producing the amount of catering we were doing so we moved into the space at Maxwellton Braes where we would have access to two kitchens. One we could use for catering and one to run the restaurant on premise. After 5 years of being at Maxwellton Braes we are now back home at our property in Sister Bay and have a beautiful new restaurant, wine bar and event space. We are so excited about our new venture and hope you will join us soon!!
